

SIGNBOND® PRINT

Signbond® PRINT is an aluminium composite signage panel engineered specifically for direct digital printing. It has a robust polyethylene core bonded between two 0.21mm or 0.3mm aluminium skin suitable for flat and fabricated applications. With its lightweight, strong, smooth and flat surface, **Signbond® PRINT** delivers exceptional print clarity and adhesion as well as long-lasting performance for indoor and outdoor signage projects. The easy-peel protective film also simplifies handling and speeds up production. Ideal for retail displays, exhibitions, architectural signage and more. **Signbond® PRINT** is available in 3mm and 4mm gauge sheets and also comes with a 10 year warranty.

KEY FEATURES
