

SIGNBOND® FEVE

Signbond® FEVE is a premium aluminium composite signage sheet coated with FEVE paint finish (Fluoropolymer resin). This advanced coating technology provides outstanding resistance to UV, corrosion and pollution, ensuring superior gloss and colour stability over time. It has a robust polyethylene core bonded between two 0.3mm aluminium skin making it ideal for fabricated applications as well. With its excellent rigidity and flat surface, **Signbond® FEVE** is perfect for outdoor facades, corporate and branding signage. It is available in 4mm gauge sheets and also comes with a 10 year warranty.
